

Moustafa Qottp

IT Infrastructure & Network Support Specialist | Windows Server | Microsoft 365 | CCNA | MCSA
01000220011 | moustafa.qottp@gmail.com | [LinkedIn](#) | Cairo, Egypt

• Summary

IT Infrastructure & Network Support Specialist with 8+ years of experience supporting enterprise IT environments, Windows Server infrastructure, Microsoft 365, Active Directory, and network operations. Experienced in troubleshooting hardware, software, and network issues across multi-site environments supporting 700+ users. Skilled in network administration, endpoint support, virtualization, and enterprise IT operations with hands-on experience in Cisco networking and Windows Server administration.

• Key Skills

Core Infrastructure Skills

- Windows Server Administration
- Microsoft 365 Administration
- Active Directory & Group Policy
- IT Infrastructure Management
- Technical Support & Troubleshooting
- Endpoint & Device Management
- Virtualization (VMware ESXi & Hyper-V)

Networking & Systems

- Network Administration & Troubleshooting
- TCP/IP, DNS, DHCP, LAN/WAN & VPN
- Cisco Routing & Switching Fundamentals
- VLANs & Network Connectivity
- Wi-Fi Infrastructure Support
- Firewall & Endpoint Security

Support & Operations

- Ticketing Systems & IT Operations
- Remote Support (TeamViewer & AnyDesk)
- Hardware & Software Support
- Incident Resolution & User Support
- Microsoft Exchange & Email Support

Soft Skills

- Problem Solving & Analytical Thinking
- Communication & Customer Service
- Team Collaboration & Leadership
- Time Management & Multi-tasking
- Adaptability & Continuous Learning

- **Work Experience**

- **IT Infrastructure & Network Support Specialist - Trio Services**

New Maadi, Cairo | 02/2022 – Present

- Managed and maintained enterprise IT infrastructure including Windows Server environments, Microsoft 365 services, Active Directory, network connectivity, endpoint devices, printers, surveillance systems, and enterprise hardware across multi-site operations.
 - Provided remote and onsite technical support for enterprise users, troubleshooting hardware, software, Windows operating systems, network connectivity, DNS/DHCP issues, and infrastructure-related incidents while minimizing operational downtime.

- **Key Responsibilities & Achievements:**

- Implemented and optimized a ticketing system that improved operational efficiency by 80% and reduced average incident resolution time from 24 hours to 6 hours.
 - Provided infrastructure and technical support for approximately 700 enterprise users across multiple departments and operational sites.
 - Led infrastructure upgrades for laptops, mail servers, and surveillance systems, reducing downtime by 40%
 - Designed and implemented enterprise Wi-Fi network infrastructure for Air Defense Stadium in compliance with CAF operational requirements, including network coverage planning, connectivity optimization, and infrastructure deployment.
 - Supervised and managed a team of 2 IT specialists

- **IT Infrastructure & Support Specialist (Part-Time) – SKY HRT**

Cairo, Egypt | Apr 2025 – Present

- Designed, implemented, and maintained the complete IT infrastructure for a small business environment on a part-time basis, including Microsoft 365 administration, network connectivity, endpoint security, device management, printers, shared resources, and day-to-day technical support.
 - Configured and managed Microsoft 365 business accounts, user access, and email services for company employees.
 - Managed routers, network connectivity, shared resources, printers, endpoint devices, and infrastructure-related troubleshooting.
 - Provided ongoing technical support while troubleshooting hardware, software, Windows operating systems, and network connectivity issues.

- **IT Infrastructure & Network Administrator – COMPUHOME Company**

Cairo, Egypt | Jun 2012 – Jun 2017

- Managed and supported IT infrastructure and network operations across multiple client environments, including Windows Server administration, network connectivity, hardware deployment, surveillance systems, and enterprise technical support.
 - Installed and configured Windows Server environments from initial cabling and hardware setup to full deployment, user configuration, and infrastructure support.
 - Provided infrastructure and network support services for approximately 30 client companies across different operational environments.
 - Configured and supported routers, switches, TCP/IP connectivity, LAN infrastructure, and network devices while troubleshooting network performance and connectivity issues.
 - Delivered onsite technical support for hardware, software, Windows operating systems, and infrastructure-related incidents across client environments.

- Back-Office Operations Team Leader – WE Telecom

Cairo, Egypt | Feb 2020 – Feb 2022

- Led back-office operational support activities, handled customer issue resolution through ticketing systems, and coordinated workflow processes to ensure service efficiency and operational continuity.
- Developed an Excel-based operational calculator that improved workflow efficiency by 80% and simplified customer account processing tasks.
- Recognized as a top-performing employee for 6 consecutive months based on operational KPIs and performance metrics.

• Projects

- Enterprise Network Infrastructure Project – CCNA

LinkedIn Project Demonstration

Designed and configured a simulated enterprise network infrastructure using Cisco Packet Tracer, including VLAN segmentation, inter-VLAN routing, OSPF configuration, subnetting, DHCP, DNS, and network connectivity troubleshooting.

Technologies Used:

Cisco Routers & Switches | VLAN | OSPF | TCP/IP | Subnetting | DHCP | DNS

- Windows Server Administration Project – MCSA

LinkedIn Project Demonstration

Built and configured a Windows Server 2019 environment including Active Directory Domain Services, Group Policy Management, DNS, DHCP, user administration, shared folder permissions, Additional Server Configuration.

Technologies Used:

Windows Server 2019 | Active Directory | Group Policy | DNS | DHCP | Hyper-V

• Certifications

- CCNA 200-301 Training – CLS Courses | 2024
- CCNA: Introduction to Networks | 2024
- CCNA: Switching, Routing, and Wireless Essentials | 2024
- CCNA: Enterprise Networking, Security, and Automation | 2024
- MCSA (Windows Server 2019) | 2026

- Windows Server 2022: DHCP and DNS | 2026
- VMware ESXi Administration Training | 2026
- Career Essentials in System Administration
- ICDL Certification | 2018
- Database Fundamentals using Microsoft Access | 2018

• Education

- **Ain Shams Academy - Bachelor of commerce**
Bachelor of Commerce – Ain Shams Academy
Very Good | 2018
